Report of Independent Registered Public Accounting Firm

To the Stockholders and the Board of Directors of Cash Cloud Inc. and Subsidiaries:

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Cash Cloud Inc. and Subsidiaries (the "Company") as of December 31, 2021 and 2020, and the related consolidated statements of income (loss) and comprehensive income (loss), cash flows and changes in equity (deficit) for the years ended December 31, 2021, 2020 and 2019, and the related notes to the consolidated financial statements (collectively, the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021 and 2020 and the results of its operations and its cash flows for the years ended December 31, 2021, 2020 and 2019 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the auditing standards of the PCAOB (2021 and 2020) and in accordance with auditing standards generally accepted in the United States of America (2021, 2020 and 2019). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the board of directors and that: (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Existence and Valuation of Digital Currencies and Transactions Denominated in Digital Currencies

As described in Note 2, digital currencies are non-financial assets. They lack physical substance and are built on blockchain technology. Digital assets are classified as indefinite-lived intangible assets and recorded at cost, less impairment charges, if any. Cost is determined using the first-in-first-out (“FIFO”) method of accounting. Management tests digital currencies for impairment annually, or more frequently, when events or changes in circumstances occur indicating that it is more likely than not that the indefinite-lived asset is impaired.

Additionally, the Company issues notes payable denominated in digital currencies that are initially recorded at the fiat currency equivalent and marked to market each reporting period end. The fiat currency equivalent is measured using the quoted price of the digital currencies (primarily, bitcoin) at the time of remeasurement utilizing third-party exchange data.

At times, the Company may settle various accounts payable and accrued liabilities in digital currencies within the normal course of operations. Gains and losses arising from transactions settled in digital currencies are included as a component of realized or unrealized gain (loss) in the consolidated statements of income and comprehensive income.

The principal considerations for our determination that performing procedures relating to the valuation of digital currencies and transactions denominated in digital currencies is a critical audit matter are (i) lack of authoritative guidance regarding the valuation of digital currencies, (ii) price volatility of digital currencies and potential impairment, (iii) reliability of third-party exchange pricing data and (iv) lack of physical substance of digital currencies.

Addressing the matter involved performing procedures and evaluating audit evidence in connection with forming our overall opinion on the consolidated financial statements. These procedures included, among others:

- Reviewed the American Institute of Certified Public Accountants (“AICPA”) Practice Aid: *Accounting for and Auditing of Digital Assets* and compared management’s accounting for digital assets to this non-authoritative guidance.
- Performed testing over existence of digital currencies including:
 - Confirmation with third-party custodians.
 - Observation of the Company’s digital currency balances via custodian platform, including observation of management performing transactions with digital currencies to verify control and ownership.
 - Export of transaction activity for each wallet since inception from auditor-run bitcoin node.
 - Review of transactions on a public block viewer for digital asset transactions not denominated in bitcoin
 - IT general control procedures over the Company’s digital currency transaction platform to test software development and change controls and ensure accuracy of software reporting.
- Performed testing over the valuation of digital currencies recorded on the consolidated balance sheets, including the following:
 - Tested a sample of transactions to source documentation (i.e. bitcoin node, exchange pricing data or transaction confirmation) to validate accuracy of management’s calculation.
 - Reviewed and tested the Company’s impairment analysis. Compared the value of each unit of digital currency to the price of the respective digital currency at the end of the reporting period.
- Recalculated the gain or loss recorded on digital currency denominated transactions and mark-to market calculations on digital currency denominated debt.
- Utilized pricing data from a variety of third-party exchange-data pricing sources when performing audit procedures over digital currency transactions. Investigated any significant differences between third-party exchange data.

Accounting for Trading Activities with Decentralized Finance (DeFi) Protocols

The Company holds investments in various DeFi protocols and participated in significant trading activity within and between these protocols. These protocols achieve their investment purposes through self-executing smart contracts. In some cases, other users can borrow without requiring an intermediate party to facilitate these transactions. These investments may earn returns for the investor similar to interest income based on the rates at which borrowers pay and the Company’s investment can generally be withdrawn with no restrictions.

The principal considerations for our determination that performing procedures relating to accounting for DeFi transactions is a critical audit matter are (i) lack of authoritative guidance regarding transactions on DeFi protocols, (ii) the variety of DeFi protocols involved (iii) the complexity of understanding such protocols and (iv) timing of recognition and de-recognition of DeFi assets and DeFi leverage on the Company's financial statements.

Addressing the matter involved performing procedures and evaluating audit evidence in connection with forming our overall opinion on the consolidated financial statements. These procedures included, among others:

- Reviewed the American Institute of Certified Public Accountants ("AICPA") Practice Aid: *Accounting for and Auditing of Digital Assets* and compared management's accounting for digital assets to this non-authoritative guidance.
- Performed testing over a sample of DeFi protocols including:
 - Review the protocol whitepaper or website to understand mechanics of the DeFi protocol.
 - Analogize such DeFi transactions to transactions within the traditional finance ecosystem and existing accounting guidance.
 - Conclude on reasonableness of accounting for transactions within such DeFi protocols.
- Reviewed the Company's accounting policies for leveraged yield farming and leveraged liquidity providing and determination of proper financial statement presentation of such transactions.
- Recompute the Company's realized gain and loss for a sample of transactions.
- Reconcile and test a sample of proceeds going into and coming out of the Company's DeFi wallet to supplement testing of the cost of DeFi assets.
- Reviewed management's policy elections for recognition and de-recognition of DeFi assets and DeFi leverage on the Company's financial statements based on existing guidance and non-authoritative guidance to determine reasonableness of management's policy elections.
- Reviewed and tested the Company's impairment analysis for digital currencies in DeFi protocols.

Wolf + Company, P.C.

We have served as the Company's auditor since 2019.

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

1 ORGANIZATION AND NATURE OF OPERATIONS

Business and presentation

Cash Cloud Inc. (dba Coin Cloud) ("Cash Cloud") was organized on April 1, 2014, as a Nevada corporation for the purpose of providing a platform for customers to buy and sell digital currencies through Digital Currency Machines ("DCMs") distributed across the United States.

In 2020, Cash Cloud formed Coin Cloud Ativos Digitais Brasil LTDA ("Coin Cloud Brazil") as a wholly-owned subsidiary of Cash Cloud for the purpose of expanding its operations to Brazil. Coin Cloud Brazil began operations in November 2020, and as of December 31, 2021 had 22 DCMs in operation.

The Company formed Evive Trading, LLC ("Evive") in August 2021 as a Cayman Islands Limited Liability Company, which is a wholly-owned subsidiary of Cash Cloud, for the purpose of accessing certain digital asset trading markets. As of December 31, 2021, Evive had not commenced commercial activity.

The consolidated financial statements include the financial statements of Cash Cloud and its wholly-owned subsidiaries (the "Company"). All intercompany transactions and balances have been eliminated in consolidation.

The majority of the Company's DCM transactions are denominated in bitcoin ("BTC") and government-backed currencies (Dollars in the US and Cayman Islands and Reais in Brazil, "fiat currency"), with a small number of transactions denominated in alternative digital currencies, also known as altcoins or stable coins. The Company's DeFi transactions are denominated in various digital currencies. At December 31, 2021 the Company operated approximately 4,650 DCMs throughout the United States and Brazil.

The Company previously used certain pass-through entities created to act for the benefit of the Company. These entities included CC Vending, Lo Flo LLC, and BB Vending LLC (collectively, the "Vendor Businesses"). The Vendor Businesses were organized for the benefit of Cash Cloud by certain key employees of Cash Cloud as single member Nevada limited liability companies. These Vendor Businesses were formed for the purpose of supporting Cash Cloud's operations and performed some business activities that are now performed by the Company. During 2020, BB Vending was dissolved and subsequent to December 31, 2019 the Company effectively ceased utilizing the Vendor Businesses and accordingly, all appropriate assets of these entities were transferred to Cash Cloud. The balance of the Vendor Businesses' equity at December 31, 2019 of \$26,230 thousand was transferred to Cash Cloud during the year ended December 31, 2020 as part of this Vendor Businesses termination. The income related to these entities was included with Cash Cloud's income for 2019 tax reporting purposes.

Risk and uncertainties

As a result of the Company's involvement in the digital currency market, the Company is subject to market risk including price volatility, liquidity risk, and concentration risk. The digital currency market may be volatile and a variety of factors that are inherently difficult to predict, such as domestic or international economic and political developments, may significantly affect the Company's operations.

The digital currency market is subject to a high degree of risk from external factors such as price fluctuation, cyber theft from online wallet providers and DeFi protocol developers, market acceptance and user adoption, regulation of access to and operation of digital currency networks, legislative changes, and changes in consumer preferences or perceptions of digital currencies. Such factors could have a material adverse effect on the Company's business and operations.

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses, and related disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and concentration of credit risk

The Company's cash is maintained with high credit quality financial institutions. At times, deposits held at these financial institutions may exceed the federally insured limits. Additionally, the Company has a significant amount of cash outside of financial institutions, including cash on hand, cash in DCMs, and cash in transit that has not yet been deposited into financial institutions. As of December 31, 2021 and 2020, the balance of cash includes approximately \$9,541 thousand and \$5,532 thousand, respectively, of cash on hand, cash in DCMs, and cash in transit that was not federally insured.

The Company has not experienced any significant losses in such accounts and believes it is not exposed to any significant credit risk on cash.

Digital currencies

Digital currencies are non-financial assets. They lack physical substance and are built on blockchain technology. Accordingly, digital currencies are classified as indefinite-lived intangible assets and are recorded at cost, less impairment charges, if any. Cost is determined using the first-in-first-out ("FIFO") method of accounting.

An intangible asset with an indefinite useful life is not amortized but assessed for impairment annually, or more frequently, when events or changes in circumstances occur indicating that it is more likely than not that the indefinite-lived asset is impaired. Impairment exists when the carrying amount exceeds its fair value. Subsequent reversal of impairment losses is not permitted.

As of December 31, 2021 and 2020, digital currencies consist of BTC held for sale and digital currencies invested in various DeFi protocols recorded at cost, less impairment charges, of \$28,836 thousand and \$16,668 thousand, respectively. These digital currencies are presented in current assets on the Company's consolidated balance sheets. The Company recorded an impairment charge of \$5,456 thousand and \$0 for the years ended December 31, 2021 and 2020, respectively, related to digital currencies whose cost exceeded its fair value. Impairment charges are recorded as an unrealized loss on digital currencies in the consolidated statements of income (loss) and comprehensive income (loss).

The Company has issued notes payable denominated in BTC. BTC denominated notes payable are initially recorded at the fiat currency equivalent and marked to market each reporting period end. The fiat currency equivalent is measured using the quoted price of BTC at the time of remeasurement utilizing third-party exchange data. The carrying value of the BTC denominated notes payable approximates its fair value since it provides for market terms and interest rates.

At times, the Company may settle various accounts payable and accrued liabilities in BTC or other digital currencies within the normal course of operations. Gains and losses arising from transactions denominated in BTC or any other digital currencies, including BTC-denominated notes payable, are included as a component of realized or unrealized gain (loss) in the consolidated statements of income (loss) and comprehensive income (loss).

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

Decentralized finance

In January 2021, the Company began participating in decentralized finance (“DeFi”), which allows the Company to contribute digital assets to blockchain protocols built on smart contracts to earn rewards similar to interest income on investments. The rewards are recorded at the fair value of the underlying digital asset when earned, which is when the digital asset is received. During the year ended December 31, 2021, the Company recorded DeFi rewards of \$11,076 thousand. Additionally, the Company recognizes a realized gain or loss on the digital currencies participating in DeFi at the time the token is transferred out of a protocol. Net realized gains totaled \$10,337 thousand during 2021. Both the DeFi rewards and net realized gains were recorded as non-operating income in the consolidated statements of income (loss) and comprehensive income (loss).

In certain protocols, the Company can leverage its digital assets in order to increase its yields in two forms: intra-contract leverage and extra-contract leverage. Extra-contract leverage allows the Company to withdraw digital assets from a smart contract, usually a stable coin, by pledging another digital asset to a smart contract in an over-collateralized manner. Intra-contract leverage allows the Company to increase its yield and risk exposure in a DeFi protocol by multiplying its investment into the protocol but does not allow withdrawal of the leverage from the smart contract. As of December 31, 2021, the Company had extra-contract leverage of \$2,537 thousand, recorded as a current liability on the Company’s balance sheet, compared to DeFi digital asset collateral of \$3,353 thousand. AS of December 31, 2021, the Company’s intra-contract leverage was approximately \$24,124 thousand, which was recorded net of its other digital assets in the consolidated balance sheet, due to the protocols’ rights of offset.

Notes receivable

In January 2021, the Company entered into a note receivable agreement with the counterparty to its Open Term Loan (see Note 4). The note receivable agreement allows the Company to loan an unspecified number of BTC, at a rate of 3.5%-4.0%. The note receivable agreement has a term of one year, with automatic one-year extensions should neither party terminate. The Company issued \$27,881 thousand representing approximately 707 BTC in notes receivable and collected the full balance during 2021, recognizing a gain upon redemption of \$1,222 thousand. The Company recognized interest income of \$463 thousand from the notes receivable during the year ended December 31, 2021.

Property and equipment

Property and equipment are stated at cost, net of accumulated depreciation, and consists primarily of the Company's DCMs. The Company provides for depreciation of its DCMs and other equipment using the straight-line method based on the estimated useful life of five years, with capitalized installation costs of DCMs depreciated over a useful life of three years. The Company does not record depreciation until machines and parts are placed in service. Expenditures for maintenance and repairs are charged to operating expense as incurred.

Internally developed software

The Company reviews certain internal and external costs incurred during the application development stage of internal-use software projects for capitalization. Costs incurred during the planning, training and post-implementation stages of the software development life cycle are expensed as incurred. Internally developed software expenses incurred during the application development stage are capitalized as a component of property and equipment and have not yet been placed in service as of December 31, 2021.

Notes receivable – related party

During 2021, the Company issued four notes totaling \$1,259 thousand to the Company’s sole stockholder each with a term of two years. The notes accrue interest at 4% per annum with interest payable annually and the total principal balance due at maturity. The balance of the notes receivable – related party, including accrued interest,

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

was \$1,297 thousand as of December 31, 2021, and was recorded within other long-term assets on the consolidated balance sheet.

Foreign currency

Coin Cloud Brazil uses the Brazilian Real as the functional currency. Resulting translation gains or losses are recognized as a component of accumulated other comprehensive income (loss). Net foreign currency transaction losses included in the Company's consolidated statements of income (loss) and comprehensive income (loss) were immaterial for the years ended December 31, 2021 and 2020.

Options

The Company entered into a number of BTC denominated put and call option contracts during 2021 with the counterparty to its Open Term Loan (see Note 4). All the options expired or were exited prior to settlement. During the year ended December 31, 2021, the Company recorded a net gain of \$897 thousand in the consolidated statements of income (loss) and comprehensive income (loss).

Revenue recognition

The Company's revenue is derived from the purchase and sale of digital currencies with its customers through its DCMs and Private Client Desk ("PCD"). Customers initiate contracts with the Company through use of a DCM or via an PCD communication. For each contract, the Company considers the promise to purchase from or sell to the customer digital currencies to be its only performance obligation. Each transaction approved by a customer through a DCM or PCD communication is considered a separate performance obligation. The Company determines the transaction price as the amount of consideration it expects to receive in exchange for the digital currencies purchased from or sold to the Customer.

All transactions have fixed prices, which include premiums when a customer buys a digital currency, and discounts when a company sells us a digital currency, compared to the spot price at the time of the transaction.

In most transactions, the Company is selling digital currencies to its customers. The transaction price is determined by the fiat currency that the Company receives in exchange for the delivery of the digital currencies. In some instances, the Company is purchasing digital currencies from its customers in exchange for fiat currency. The receipt of digital currencies is considered non-cash consideration under Accounting Standards Codification Topic 606 and is recorded at the fair value of the digital currencies at the time of the transaction.

With transactions at both DCMs and PCD, the Company recognizes revenue at the point in time when it transfers to, or receives from, the customer the promised digital currencies.

The Company records promotional expense, representing the value of amounts given to customers as sales incentives, as a reduction in revenue within the consolidated statements of income (loss) and comprehensive income (loss).

Revenue was comprised of the following:

	Year Ended December 31,		
	2021	2020	2019
		<i>(In thousands)</i>	
Sales of digital currencies	\$ 283,336	\$ 183,973	\$ 73,728
Purchases of digital currencies	19,684	18,373	13,495
Other	483	454	-
Less promotions	(155)	-	-
	<u>\$ 303,348</u>	<u>\$ 202,800</u>	<u>\$ 87,223</u>

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

Cost of goods sold

Cost of goods sold is the historical cost of the digital asset determined on a FIFO basis sold to a customer, and the amount of fiat currency provided when purchasing digital currency. The Company also records the realized gains and losses recorded on its digital assets sold to customers as a component of cost of goods sold.

Advertising

Advertising costs, amounting to \$21,516 thousand, \$438 thousand, and \$85 thousand during the years ended December 31, 2021, 2020, and 2019, respectively, are expensed as incurred and are recorded as a component of selling, general, and administrative expenses on the consolidated statements of income (loss) and comprehensive income (loss).

Fair value of assets and liabilities

The Company groups its assets and liabilities measured at fair value in three levels, based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine fair value.

Level 1 — Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 — Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 — Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The level of the fair value hierarchy in which the fair value measurement falls is determined by the lowest level input that is significant to the fair value measurement.

Income taxes

Cash Cloud, with the consent of its stockholder(s), has elected to be taxed in accordance with Subchapter S of the Internal Revenue Code. As a Subchapter S corporation, Cash Cloud's taxable income is reported on the stockholders' federal income tax returns. Cash Cloud's taxable income is subject to state income and excise taxes in accordance with statutory requirements. The current provision for the years ended December 31, 2021, 2020 and 2019 are for state income taxes net of tax credits.

The Company follows accounting guidance regarding the recognition, measurement, presentation, and disclosure of uncertain tax positions in the financial statements. Tax positions taken or expected to be taken in the course of preparing the Company's tax returns, including the position that the Company qualifies as a pass-through entity, are required to be evaluated to determine whether the tax positions are more likely than not of being sustained by the applicable tax authorities. Tax positions not deemed to meet a more-likely-than-not threshold would be recorded in the financial statements. The Company's policy is to recognize interest and penalties related to income tax matters in income tax expense. The Company did not provide for any uncertain tax positions for the year ended December 31, 2021. Generally, the Company is no longer subject to federal and state tax examinations by tax authorities for years prior to December 31, 2018. The Company's 2018 tax return was audited by the Internal Revenue Service during 2020 and no material assessments were assessed upon the shareholders.

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

The Company recognizes deferred tax liabilities and assets for the expected future state tax consequences of events that have been included in the Company's financial statements or tax returns. Deferred tax liabilities and assets are determined based on the differences between the financial statement carrying amounts and tax bases of existing assets and liabilities, using enacted tax rates in effect in the year in which the differences are expected to reverse. Deferred tax liabilities and assets have been determined to be immaterial to the consolidated financial statements.

3 PROPERTY AND EQUIPMENT, NET

Property and equipment consist of the following:

	As of December 31,	
	2021	2020
	<i>(In thousands)</i>	
Digital currency machines and parts	\$ 34,617	\$ 7,575

2024	224
2025	-
2026	3,841
	<u>\$ 96,003</u>

Revolving line of credit

In October 2020, the Company entered into a revolving line of credit (the “Revolver”) with one of its banks with a capacity of \$750 thousand. In September 2021, the Company expanded its capacity under the Revolver to \$2,000 thousand. The Revolver allows the Company to draw up to the full capacity, and repay it any point during its duration, except that the Company must repay the full outstanding balance of the Revolver for a 30-day period each year, after which it can re-draw on the Revolver. As of December 31, 2021, the Company had fully drawn the Revolver. The Revolver matures October 2022.

The Revolver incurs an interest rate of the US prime rate plus 3%, with a 5% minimum floor, which is payable monthly on the outstanding balance. The Revolver contains certain financial and non-financial covenants and borrowings are secured by cash held in the bank and other assets of the Company.

In December 2019, the Company entered into a revolving credit agreement with a venture capital firm which allowed for borrowing of BTC or USD stable coin (“USDC”) up to an aggregate outstanding principal of \$1,000 thousand. The line was repaid in July 2020 and thereafter terminated upon mutual agreement of both parties.

Open term loan

The Company entered into an unsecured open term loan agreement (“Open Term Loan”) with a digital currency exchange operator, which allows the Company to borrow either US dollars or digital currency with either fixed or open maturities denominated in US dollars, though the Company only borrows open maturities. Each advance under the Open Term Loan is callable by the lender with 180 days’ notice and can be prepaid at any time without penalty. The Open Term Loan has no defined expiration and is cancellable by either party if no outstanding balance exists. Each advance under the Open Term Loan bears interest at a rate of 11.5% per year. The total capacity of the Open Term Loan was \$100,000 thousand as of December 31, 2021, and the Company had a total outstanding balance of \$87,878 thousand and \$7,985 thousand as of December 31, 2021 and 2020, respectively.

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

Financing arrangement

In June 2020, the Company entered into a sale-leaseback financing arrangement ("Financing Arrangement") with a third-party lessor whereby the Company sold 519 DCMs to the lessor for total proceeds of \$3,285 thousand, subject a hold-back of 62.5%, as defined. During 2021, \$2,054 thousand of the hold-back was returned to the Company, with \$106 thousand remaining under the hold-back and recorded as an other long-term asset as of December 31, 2021. The initial term of the Financing Arrangement is 30 months, but the Company determined that renewal of an additional 12 months was probable, given the terms of the Financing Arrangement. Accordingly, the Company will pay the lessor monthly rent payments of \$116 thousand for a period of 42 months, plus taxes.

Service agreement BTC obligation

The Company entered into a service agreement with a third party in 2016. In connection with the service agreement, the third party financed the purchase of certain DCMs and provided funds to purchase BTC to assist the Company in commencing its operations. The service agreement requires the Company to repay the third party for the DCMs and funds used to purchase BTC by the third party in 2026. The obligation is denominated in a fixed amount of 82.9 BTC and bears no interest. At December 31, 2021 and 2020, the Company's obligation under this service agreement is recorded at the fair value of the underlying BTC on the Company's consolidated balance sheets in the amount of \$3,841 thousand and \$2,406 thousand, respectively, as a non-current liability, with changes to the balance recorded as an unrealized loss on the consolidated statement of income and comprehensive income.

Digital Currency Loan

In August 2018, the Company entered into a Digital Currency Loan ("Digital Currency Loan") agreement whereby the Company could request to borrow funds in the form of certain digital currencies, principally BTC denominated loans, as defined, upon request of the Company. The term of the Digital Currency Loan was one year, with automatic one-year renewals, unless terminated by either party. The Company repaid the Digital Currency Loan July 2020.

Paycheck Protection Program loan

In April 2020, the Company applied for and received a Paycheck Protection Program loan ("PPP Loan") under the Cares Act in the amount of \$343 thousand. The loan accrues interest at a rate of 1% and the loan may be forgiven, all or in part, if it is used to pay qualifying costs such as payroll, rent and utilities. The Company submitted its application for forgiveness of the PPP loan and received approval of full forgiveness in November 2020. As such, the Company recorded a gain on forgiveness of debt for the full amount of \$343 thousand on the consolidated statement of income and comprehensive income.

Other note payable

In May 2020, the Company entered into a note payable agreement for 50 BTC, requiring 9.75% interest, payable monthly in BTC. The Company repaid the note in July 2020, recording a \$96 thousand realized loss on the consolidated statement of income (loss) and comprehensive income (loss).

5 NOTES PAYABLE - RELATED PARTIES

Notes payable - related parties consist of promissory notes issued to related parties of the Company including stockholders, directors, and former executives. The interest rate on the related party, promissory notes range from 4% to 10%. Interest on these promissory notes is paid-in-kind, accrued monthly, and added to the principal balance of the notes. The promissory notes mature on varying dates ranging from June 10, 2022 to December 31, 2022 and

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

require a balloon payment at maturity. Certain notes provide for the option to renew for additional one-year terms.

As of December 31, 2021 and 2020, the Company has an outstanding balance of \$2,949 and \$3,429, respectively, which includes promissory notes denominated in USD and BTC and the related paid-in-kind interest. See Note 9 for redemption of a portion of notes payable – related parties.

6 COMMITMENTS AND CONTINGENCIES

Operating leases

During 2021, the Company entered into a lease agreement for an office facility in Las Vegas, Nevada with a ten year term expiring 2031. The lease provides certain rent holiday periods, with the straight-line expense totaling \$2,011 thousand per year. The Company recorded a deferred lease liability of \$328 thousand, recorded as an other long-term liability on the consolidated balance sheet as of December 31, 2021.

During 2019 the Company entered into two lease agreements for office facilities in Las Vegas, Nevada through April 2021 and November 2021. In May of 2020, the Company amended and extended its lease expiring April to November 2021, to coincide with its other lease expiring at the same time.

At December 31, 2021, the Company's future minimum lease payment obligations under non-cancellable operating leases were as follows:

	<i>(In thousands)</i>
2022	\$ 1,391
2023	1,892
2024	1,949
2025	2,007
2026	2,067
Thereafter	10,289
	<u>\$ 19,595</u>

Total operating lease expense was \$1,306 thousand, \$380 thousand, and \$67 thousand for the years ended December 31, 2021, 2020, and 2019, respectively.

DCM host agreements

The Company enters into agreements with various retail locations including convenience stores, malls, and enterprise grocery stores ("hosts") whereby the Company installs a DCM at the host's location. The Company agrees to pay the host either a fixed monthly rental payment and internet charges, or a variable portion of the profit of the machine (as defined in the agreements), for the ability to utilize the host's storefront location to facilitate the buying and selling of digital currencies. The host agreements typically have a 3 to 7-year term, with automatic renewals, unless terminated by either party. The Company may terminate the agreements under certain circumstances, as defined in the agreements.

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

At December 31, 2021, future minimum rent payments under fixed DCM host agreements are as follows:

	<i>(In thousands)</i>
2022	\$ 11,916
2023	11,713
2024	11,159
2025	10,245
2026	9,867
Thereafter	12,402
	<u>\$ 67,302</u>

Total rent expense related to DCM host agreements, including variable costs totaled \$9,057 thousand, \$2,957 thousand, and \$1,049 during 2021, 2020, and 2019, respectively.

Legal matters

The Company is a party to certain lawsuits and claims arising out of the normal course of business. Litigation is inherently unpredictable, and the outcome of these matters cannot presently be determined. Although the Company believes it has valid defenses in these matters, it could in the future incur judgments or enter into settlements or claims that could have an adverse effect on its results of operations in any particular period.

7 EQUITY (DEFICIT)

On December 31, 2019, Cash Cloud amended its articles of incorporation to authorize the purchase of up to 1,000 shares of its Series A common stock ("Series A") and 10,000 shares of its Series B common stock ("Series B"). In connection with this amendment, the then outstanding 1,000 shares of common stock were exchanged for 1,000 shares of Series A.

Rights and preferences

The holders of the Series A and Series B shall be entitled to 1 and 10 votes, respectively, for each share held with respect to all matters voted on by the stockholders of the Company.

Stockholder note receivable

On December 31, 2019, the Company issued 10,000 shares of Series B as an offset to equity to a stockholder in exchange for a promissory note in the amount of \$4,844. The promissory note was recorded as a stockholder note receivable and an offset to equity in the consolidated balance sheet. The stockholder note receivable accrues interest at a rate of 4% per annum. The entire unpaid principal balance and all accrued interest are due on December 31, 2022. The balance of the stockholder note receivable was \$4,989 and \$4,898 as of December 31, 2021 and 2020, respectively.

Minority interest purchase agreement

On October 31, 2020, the Company entered into an interest purchase agreement ("Interest Purchase Agreement") with its sole minority shareholder ("Minority Shareholder"), which included the full buyout of the Minority Shareholder's 350 Series A shares for \$1,115 thousand, which was recorded as a current liability within notes payable – related parties on the consolidated balance sheet as of December 31, 2020.

Cash Cloud Inc. and Subsidiaries

Notes to Consolidated Financial Statements

In March 2021, the Company settled its obligation under its Interest Purchase Agreement by paying its obligation of \$1,115 thousand. The Company also repaid the minority shareholder's BTC denominated note of 5.72 BTC, with a value at the time of settlement of approximately \$330 thousand.

8 FAIR VALUE OF ASSETS AND LIABILITIES

Liabilities measured at fair value on a recurring basis are summarized as follows:

As of December 31, 2021				
	Level 1	Level 2	Level 3	Fair Value
Liabilities	<i>(In thousands)</i>			
Notes payable - related parties	\$ 2,571	\$ -	\$ -	\$ 2,571
Long-term obligations	3,841	-	-	3,841
	<u>\$ 6,412</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,412</u>

As of December 31, 2020				
	Level 1	Level 2	Level 3	Fair Value
Liabilities	<i>(In thousands)</i>			
Notes payable - related parties	\$ 2,038	\$ -	\$ -	\$ 2,038
Long-term obligations	2,406	-	-	2,406
	<u>\$ 4,444</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,444</u>

There are no assets measured at fair value on a recurring basis or non-recurring basis, and digital assets are measured at fair value on a non-recurring basis if indicators of impairment exist.

9 SUBSEQUENT EVENTS

The Company has evaluated subsequent events through April 7, 2022, the date which the financial statements were available to be issued. Other than described below, there were no subsequent events that require adjustment to or disclosure in the consolidated financial statements.

Notes payable – related parties redemption

In February 2022, a Director redeemed the full balance of the their USD denominated Note, as well as 2.0 BTC of their BTC denominated note, for a total payment of \$126 thousand.

4. COLLATERAL: This financing statement covers the following collateral:

All equipment, machinery, goods, personal and other property, however described, leased pursuant to Lease Schedule No. CSHC_002 to Master Lease Agreement No. 2056266, as amended, whether now or hereafter existing, and wherever now or hereafter located, together with all accessories, attachments, accessions, parts, components, fixtures, repairs, modifications, additions, substitutions, replacements and exchanges thereof, and all related deliverables, intangible property, software (embedded or otherwise), general intangibles, intellectual property, license, contract rights, inventory, collateral and other rights incorporated therein, attached thereto, associated therewith or arising therefrom, all whether or not furnished by the Supplier thereof, and any and all proceeds, including proceeds of proceeds, and products thereof.

This filing is made for informational purposes and not to suggest Secured Party's interest is limited to a security interest only. Debtor has no independent right or authority to sell, sublease, transfer, assign, pledge, encumber or dispose of any of the foregoing or any interest therein.

5. Check only if applicable and check only one box: Collateral is ☐ held in a Trust (see UCC1Ad, item 17 and Instructions) ☐ being administered by a Decedent's Personal Representative

6a. Check only if applicable and check only one box:

☐ Public-Finance Transaction ☐ Manufactured-Home Transaction ☐ A Debtor is a Transmitting Utility

6b. Check only if applicable and check only one box:

☐ Agricultural Lien ☐ Non-UCC Filing

7. ALTERNATIVE DESIGNATION (if applicable): ☒ Lessee/Lessor ☐ Consignee/Consignor ☐ Seller/Buyer ☐ Bailee/Bailor ☐ Licensee/Licensor

----- END OF REPORT -----

Report Parameters

The UCC Revised Article 9 Model Administrative Rules (MARS) provide state filing offices with a set of guidelines for producing a legally compliant UCC lien search report. The search tool used to create this search report was designed to satisfy the requirements under MARS while providing the searcher with increased flexibility.

Flexible search logic generates a more inclusive search report and addresses the inconsistencies in searches performed within states that did not effectively adopt the MARS guidelines. Further, these specially designed broad-based searching features aid in the location of involuntary liens such as Federal and State Tax Liens and Judgment Liens and liens that may not be located in state databases limited to the MARS guidelines for the reporting of UCCs.

Software Assets

Coin Cloud has a proprietary software service named *Coin Cloud Operating System* which includes proprietary source code and backend configuration and services that run on Amazon Web Service. This software allows our customers to buy and sell crypto currencies at our Digital Currency Machines locations.

United States of America

United States Patent and Trademark Office

Reg. No. 6,242,808

Registered Jan. 12, 2021

Int. Cl.: 36

Service Mark

Principal Register

Cash Cloud, Inc. (NEVADA CORPORATION), DBA Coin Cloud
Suite 200
9580 W. Sahara Avenue
Las Vegas, NEVADA 89117

CLASS 36: Financial services, namely, providing electronic transfer of a virtual currency for use by members of an on-line community via a global computer network

FIRST USE 9-7-2018; IN COMMERCE 9-7-2018

The color(s) white and blue is/are claimed as a feature of the mark.

The mark consists of the wording "COINCLOUD" in white with a white stylized cloud appearing above the wording and a blue background.

SEC. 2(F) as to "COINCLOUD"

SER. NO. 88-724,783, FILED 12-12-2019

Andrei Iancu

Director of the United States
Patent and Trademark Office

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.

LAS VEGAS, NV 89144

For assistance you may call us at:
1-800-829-4933

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 88-3759142. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for their business. Some taxpayers receive CP575 notices when another person has stolen their identity and are opening a business using their information. If you did **not** apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

A limited liability company (LLC) may file Form 8832, *Entity Classification Election*, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets certain tests and it will be electing S corporation status, it must timely file Form 2553, *Election by a Small Business Corporation*. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.

To obtain tax forms and publications, including those referenced in this notice, visit our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TDD 1-800-829-4059) or visit your local IRS office.

Litigation Summary

Cash Cloud Inc. v. Flores. The action *Cash Cloud Inc. v. Flores*, Case No. A-19-807370-B, pending in the Eighth Judicial District Court in Clark County, Nevada, arises out of the business relationship between Cash Cloud Inc. (“Cash Cloud”), Christopher McAlary (“McAlary”), Luis Flores (“Flores”), and their respective affiliated entities involved in retail cryptocurrency trading (e.g., bitcoin ATMs). The principal issue in this action is whether Flores is or has ever been a shareholder of Cash Cloud. On December 20, 2019, Cash Cloud filed a Complaint that sought declaratory judgment that Flores is not and has never been a shareholder of Cash Cloud. In response to the filing of the Complaint, Flores filed a counterclaim and third-party complaint against McAlary, Min Raise Resources LLC (“Min Raise”) and Coin Cloud LLC (“Coin Cloud”). In his responsive pleading, Flores claims that Cash Cloud and McAlary breached their respective duties to Flores by, *inter alia*, failing to issue shares in Cash Cloud to Flores, failing to pay Flores as required by law (minimum wage/overtime), and failing to return property to Flores. As part of these claims, Flores asserts that Cash Cloud is the alter ego of Min Raise. Cash Cloud disputes Flores’s contentions against it.

Since the filing of the initial Complaint, Cash Cloud has since discovered that Flores unlawfully attempted to access Cash Cloud’s computer system/network/Google Drive in an effort to access and use Cash Cloud’s confidential trade secret information. Despite Flores’s denial of such claims, the Court issued a temporary restraining order and (later) a preliminary injunction enjoining Flores from attempting to do so again. The evidence confirming Flores’s improper efforts to access Cash Cloud’s electronic information includes the Telegram communications whereby Flores requests information from a then employee (Javier Franco), Franco’s responsive Telegram communication containing Franco’s login credentials, and Flores’s follow up communication stating that the information he was looking for had not been updated. Cash Cloud believes it will prevail on these claims which seek permanent injunctive relief against Flores.

While Cash Cloud spent significant sums in an effort to resolve this case during a mediation session with retired U.S. Magistrate Judge Peggy Leen in March 2020, a resolution was not able to be reached due to Flores’s excessive demands. Flores’s latest computation of damages exceeds \$36,000,000.00. Cash Cloud is vigorously contesting Flores’ claims and has successfully prevailed on certain summary judgment motions defeating, among other claims, Flores’s Nevada statutory minimum wage and overtime claims.

Discovery and trial are complete. We are awaiting a decision from the judge.

Cash Cloud has strong evidence supporting its claim for declaratory judgment that Flores is not a shareholder. Not only do Cash Cloud’s corporate records reflect that he is not a shareholder, the discovery taken to date, including Flores’s deposition testimony, does not provide robust support for his alter ego assertion. As such, Cash Cloud’s position is that all of the claims based upon Flores’s alter ego theory will fail. Furthermore, all discovery supports Cash Cloud in its defense of Flores’s claim that he was subjected to an intolerable work environment (Flores admitted at trial that two days after the event he claims created

the intolerable work environment he was making jokes about that exact event). Cash Cloud estimates Flores's remaining minimum wage and overtime claims to be worth approximately \$150,000.00 (if not less) excluding attorney's fees and costs, for which Flores has already been paid \$209,600.00. To the extent that Cash Cloud is liable to Flores for any compensation beyond minimum wage and overtime, which Cash Cloud contests, the only evidence at trial on this matter pegs such an amount between \$0.00 and \$32,400.00 (Flores has no expert witness to opine on the fair market value of what his salary as COO of Cash Cloud would be).

Furthermore, Cash Cloud is hopeful of receiving a judgment representing a substantial amount of its attorney's fees and costs expended as part of this action (which are approximately \$1,000,000.00). First, two of Flores's counterclaims are based on statutes which provide for prevailing party attorney's fees (NRS 613.010 and NRS 78.257). Cash Cloud is confident that it will prevail on both of these counterclaims, thereby entitling Cash Cloud to payment of its attorney's fees associated with such counterclaims. Second, on July 28, 2020, Cash Cloud (along with McAlary, Min Raise, and Coin Cloud) served a \$500,888.00 (exclusive of interest, costs, and attorney's fees) offer of judgment on Flores. After trial, were the Court to find that Flores's damages do not exceed \$500,888.00, the Court should award Cash Cloud, McAlary, Min Raise, and Coin Cloud their costs and attorney's fees from the date of service of the offer of judgment under Nevada Rule of Civil Procedure 68. Given the events at trial, Cash Cloud is confident that any judgment that Flores could receive would be well under this offer of judgment amount. Cash Cloud believes that final judgment will be entered in its favor, with the only doubt being how much the court will award in attorney's fees and costs to Cash Cloud.

Cash Cloud Inc. adv. Javier Franco. The action captioned *Franco v. Cash Cloud Inc.*, Case No. A-21-844753-C, pending in the Eighth Judicial District Court in Clark County, Nevada, arises out of Cash Cloud's termination of Javier Franco ("Franco"), a former employee of Cash Cloud. In Franco's action against Cash Cloud, he claims that he is owed over \$50,000.00 in unpaid residual payments in connection with an alleged employment contract from February/March 2020. Franco's claims include contract claims, as well as claims for unjust enrichment, statutory payment on termination, fraudulent inducement, and accounting. Notwithstanding Franco's "file and see what sticks approach," Franco first asserted his contract and wage claim before the Nevada Division of Labor, but his claim was closed after Cash Cloud responded to the same. Discovery has not commenced and thus Cash Cloud is unaware of the specifics of the claims beyond what is alleged in the complaint. Cash Cloud maintains that these claims should fail for two reasons. First, the principal contract Franco has sued on was not executed by Cash Cloud and, notwithstanding the question as to whether there was ever a meeting of the minds, because the contract purports to bind the parties for over one year, without its full execution, it would run afoul of Nevada's statute of frauds. Second, in addition to the foregoing, Franco's claims are likely to fail as a result of Franco's fraud on Cash Cloud. Franco was Flores's "inside man" as he was the one who provided Flores with the login credentials to allow Flores to attempt to access Cash Cloud's system/network/Google Drive. This malfeasance was committed prior to the alleged contract that Franco has sued upon. Because Franco had a common law and contractual duty to disclose this malfeasance to

Cash Cloud, his failure to do so resulted in the alleged agreement Franco now contends Cash Cloud has breached. Cash Cloud has answered and asserted counterclaims against Franco based upon his fraud and other misconduct against Cash Cloud. Cash Cloud believes a six-figure judgment will be entered in its favor in this action.

Cash Cloud Inc. v. Redmond. The action captioned *Cash Cloud Inc. v. Redmond*, Case No. A-21-839023-B, pending in the Eighth Judicial District Court in Clark County, Nevada, arises out of the improper actions defendant Amondo Redmond (“Redmond”) took in (1) defrauding Cash Cloud as to his credentials and professional background prior to his hiring, (2) his improper expenditures of Cash Cloud funds during his employment, and (3) his post termination interference with Cash Cloud’s prospective contracts involving professional athlete endorsements. In response to the complaint, Redmond has asserted one counterclaim for alleged racial discrimination under Title VII. This counterclaim was recently dismissed. Redmond recently amended his pleadings and add a different claim for racial discrimination under 28 U.S.C. 1981 and is seeking to add claims under Title VII. These claims are utterly without merit. Cash Cloud has insurance coverage for this counterclaim and its insurance counsel is spear-heading the defense. Notwithstanding the counterclaim, it is believed that Cash Cloud will receive a seven-figure judgment in its favor due to the rampant and improper spending by Redmond as well as his interference with Cash Cloud’s contracts after his termination.

Cash Cloud Inc. v. Cole Kepro International, LLC. This action, Case No. A-22-854226-B, is currently pending in the Eighth Judicial District Court in Clark County, Nevada and arises out of Cole Kepro International, LLC’s (“Cole Kepro”) sale of faulty equipment to Cash Cloud. In 2021, Cash Cloud purchased over 4,000 digital currency kiosks from Cole Kepro. Unbeknownst to Cash Cloud, the kiosks sold by Cole Kepro to Cash Cloud were defective and they did not function or operate as intended and promised. As a result of the defects in the kiosks, Cash Cloud has suffered substantial financial harm (Cash Cloud tentatively estimates the combined cost of repair and lost profits from Cole Kepro’s defective kiosks to well exceed \$10,000,000.00). Cash Cloud has filed this action to seek redress for the financial harm caused by the faulty kiosks and to get a court order declaring that the dispute is not subject to arbitration. Cole Kepro has initiated an arbitration concerning this dispute, claiming a breach of contract (nothing beyond a demand has been received and the demand has not enunciated any specifics about the dispute other than it concerns the purchase of the aforementioned digital currency kiosks and the purported purchase of 10,000 Spanner kiosks from Cole Kepro). While the purchase of the 4,000 kiosks was not subject to an arbitration agreement, Cash Cloud is not challenging arbitration on the purported Spanners purchase (in part because the Spanners purchase never materialized and was cancelled before any production of the Spanners commenced). Shortly after fielding the complaint, Cash Cloud filed a motion for declaratory judgment and for a stay of the arbitration proceedings concerning the 4th Generation kiosks. In response to this motion, Cole Kepro filed a countermotion to dismiss the complaint. The hearing on the motion and countermotion was conducted on September 13, 2022, where the court granted the motion, issued declaratory judgment, stayed the arbitration of the 4th Generation kiosk dispute, and denied the countermotion. Cash Cloud believes it will recover an eight-figure judgment from Cole Kepro.

Cash Cloud Inc. v. Bitaccess Inc. This action, Case No. CV-22-00089887-0000, is currently pending in the Superior Court of Justice in Ottawa, Ontario, Canada and before the Canadian Arbitration Association and arises out of (1) Bitaccess Inc.'s ("Bitaccess") improper and unlawful attempt to terminate the contract between Cash Cloud and Bitaccess by which Cash Cloud has secured the software which runs a substantial portion of its kiosks; and (2) Bitaccess's 2021 software update which caused all of Cash Cloud's machines running the software to shut down.

Improper Attempt to Terminate Contract

Since 2015, Cash Cloud has secured a perpetual, royalty-free license to use Bitaccess's software to operate Cash Cloud's kiosks. This contractual relationship was updated in 2020, but the perpetual, royalty-free license remains in place. Termination of the contract could only be effectuated if (1) Cash Cloud violates the law or the terms of the agreement; or (2) cryptocurrency is deemed to be illegal or regulations imposing operational charges or fees renders operations unreasonably expensive. Neither of these events took place and during the August 18, 2022 hearing on Cash Cloud's motion to enjoin termination of the contract (including the software services), the Court deferred its decision based upon Bitaccess's representation that it would keep the software services in place until the court issued its decision. Despite this promise, days later, Bitaccess, terminated the software services. Upon learning of the termination of the services, the court conducted a second hearing and issued an order requiring Bitaccess to reinstate the software services. During this second hearing, Bitaccess's counsel stated that Lux Vending, LLC, dba Bitcoin Depot ("Bitcoin Depot"), had taken control of Bitaccess and had forcibly caused the shutdown of the software over Bitaccess's officer's objection (Cash Cloud anticipates commencing a suit against Bitcoin Depot for this improper action). Notwithstanding the foregoing, the court issued an order denying the injunction on procedural grounds. Cash Cloud has since taken steps to not only appeal the decision but also to seek an injunction through arbitration. Cash Cloud hopes to have the injunction re-entered (either by reversal or by an arbitrator) in the near future. The harm caused by Bitaccess and Bitcoin Depot is substantial (estimated to be well over \$1,000,000.00). The recovery from Bitcoin Depot's improper conduct is expected to meet or exceed the recovery from Bitaccess in light of the tort remedies available to Cash Cloud and the outrageousness of Bitcoin Depot's misconduct.

Faulty Software Update

In September, 2021, Bitaccess pushed an update to Cash Cloud's kiosks which caused all of the kiosks to shutdown and remain inoperable until the kiosks could be manually examined and the update reversed. The kiosk outage lasted anywhere from days to weeks depending on how long it took to get a technician to the machine to fix the problem. The out-of-pocket cost just to reverse the update exceeded \$1,000,000.00. The loss of profits from the faulty update is estimated to be in the mid-seven figures. Curiously, Bitaccess has argued in the termination dispute that there is no written contract governing the provision of software services (thereby disavowing the limitation of liability provisions in the contract). Notwithstanding this strategic decision by Bitaccess, full recovery of Cash

Cloud's lost profits remains uncertain given the limitation of liability provisions in the contract between the parties. Regardless of the amount Cash Cloud will recover for lost profits, Cash Cloud is confident that it will recover all of its out-of-pocket expenses caused by the defective software update plus its attorney's fees and costs.

David Despain v. Cash Cloud Inc. This action, Case No. A-22-854327-C, pending in the Eighth Judicial District Court in Clark County, Nevada, arises out of the cessation of certain residual payments to David Despain ("Despain"), a former employee of Cash Cloud. Despain has asserted that he is entitled to certain continued payments after his termination. The parties have already entered into an agreement to stay the litigation pending settlement negotiations. A settlement in the five-figure range is anticipated to be reached.

Cennox Reactive Field Services, LLC v. Cash Cloud Inc., Case No. 6:22-cv-3274, pending in the Western District of Missouri, Southern Division, arises out of the contract between Cennox and Cash Cloud involving equipment maintenance. Cennox claims that it is owed \$766,434.99 under the contract between the parties. Cash Cloud is unsure as to whether that amount is owed or another lesser amount is owed. Cash Cloud is unaware as to whether this action has been served on it yet.

Borden v. Bank of America, Westcliff Technologies, Inc., and Cash Cloud Inc., Case No. 2:22-cv-04076-BHH, pending in the District of South Carolina, Charleston Division, arises out of the plaintiff's withdrawal of funds (approximately \$100,000) from her Bank of America account and purchase of digital currency from the Cash Cloud and Westcliff defendants. The plaintiff alleges that she was defrauded by unnamed third parties to send them digital currency and is claiming that the defendants violated South Carolina consumer protection statutes by allowing her to withdraw the funds and purchase the digital currency. Cash Cloud believes that the claims are without merit and is hopeful that settlement negotiations will result in a settlement for nuisance value. Cash Cloud does not believe that it has been served in the action.

Dispute between Blackhole Investments, LLC ("Blackhole") and Cash Cloud Inc. While there is no pending litigation between Cash Cloud and Blackhole, Blackhole has threatened litigation concerning a radius restriction involving 4 kiosks. We have been in discussions to resolve the matter, but no resolution is on the horizon. The projected damages for any such breach are not anticipated to be particularly large. However, the threatened termination of the contract could require the accelerated repayment of the 83 BTC that would be otherwise repaid at the conclusion of the term.

Borde
